

## Secure-formed based learning

Secure attachment boosts acceptance of self, attention towards the right values and your child will be able to provide affirmation towards topics of their interests or passion and responsive affection to closed members e.g. family, close friends, etc.

The activities teamed with secure attachment programming creates an intrinsic motivation to explore and gain knowledge and skills and values.

Knowledge can be formed in an implicit understanding of concepts in life. Through awareness and reflection, one can achieve explicit knowledge not only academically, b

ut professionally abd in interactions with others.

Understanding comprehension awareness of self and others

Attention

Affection

Affirmation

Acceptance

Intrinsic  
Motivation

Implicit &  
Explicit  
knowledge

**Sensations**
